CASH DRAW - the winner at our last meeting was our newest Gyro member Pat Millard. Congratulations Pat, what a way to start!

OUR SPEAKER on February 2nd was Mr. Hugh McColeman, a Lifetime member of the Edmonton Soaring Club. He was introduced by a long time friend and flying companion, Gyro Owen Cornish, who described these soaring people as a breed all their own - like birds and glider pilots.

Mr. McColeman attended the University of Alberta where he graduated in Engineering in 1936. He joined Alcan in 1940 until 1978.

He has been a member of the Flying Club for 25 years and he gave us a most interesting talk about his experiences, and the many thrills you encounter in motorless flight, when a member of the Edmonton Soaring Club. This club is located north of the town of Chipman, Alberta

The only 1000k+ flights in Canada originated from the Edmonton Soaring Club and flights in excess of 250km are not uncommon during the soaring season. The joy of motorless flight, is something special to experience and it is available to the beginner up to and including advanced cross country training.

Mr. McColeman was formally thanked and presented with a token of appreciation from our club by Mel Snihurowych.

HOCKEY POOL WINNERS were reported by Al McClure as follows:-

23 January 1st period \$10.00 Lorraine Getzinger: Dan Ostry: Kevin Higa.

2nd " 15.00 Sharon Shaw: Larry Murray.

Final score 25.00 Yvette Stroppa: Dan Lawton.

30 January 1st period 10.00 Karen Nielsen: Mike Matei.

2nd " 15.00 Darren Agnew: Gil Biolodeau.

Final score 25.00 Lorraine Getzinger: Harry Gaffney.

Note: The Hockey Pool scores for the game dated 6 February have been transferred to an extra game on 10 April 1933. The reason for the change is there was no regular game on February 6th.

#### VOX POP

One way to keep a conversation from being boring is to say the wrong thing. (Gunner Anderson)

The most important thing a father can do for his children is to love their mother. (John Pedden)

One thing a speaker should remember for sure, the mind can only absorb what the seat can endure. (Marty Larson)

The hardest arithmetic to master is that which enables us to count our blessings. (Padre Bill (Graham))

The dream of the older generation was to pay off the mortgage. Today's young family dreams about getting one. (Mel Snihurowych).

SMILES & CHUCKLES - a teacher had just welcomed a new student, a little Japanese boy who had just come to the United States. He spoke very good English and it soon became evident that he would fit right into the class.

"Now I am going to ask you some questions about history:", said the teacher, "and if you know the answer just raise your hand". The first question is, "who said give me liberty or give me death". The little Japanese boy was the only one to raise his hand, so the teacher called on him and he said, "Patrick Henry 1775".

The next question was, "who gave the Gettysburg Address?". Again the only hand raised was that of the Japanese boy. "Abraham Lincoln in 1863" he said.

Very good said the teacher, then as an aside to the rest of the class she expressed her disappointment that someone so new to their country was showing them up. As she turned back to the blackboard, she heard someone say, "damned Japanese". She whirled around and cried, "who said that?" Lee Iacocca in 1992" said the Japanese boy.

### OUR NEXT MEETING

---

Will be held at the mayfair golf Club at 12.00 noon on Tuesday February 16th, 1993.

Our speaker on this occasion will be our own Gyro Gerry Glassford, whose talk will be about NAGASAKI - The Second Atomic Bomb - one of the days the world changed.

He is going to show some pictures and also speak about the ethical issues involved.

This, I am sure will be a program to remember and one you certainly don't want to miss.

Your attendance with a friend to share Gyro with us will be appreciated.
